Fancy Activities

Thank you for downloading this product.

The purchase or download of this resource entitles the purchaser/downloader to **SINGLE CLASSROOM USE ONLY**. Multiple users need to purchase or download the product separately. Please do not upload any part of this resource online.

I designed this resource to accompany my children's picture book *A Fish Named Fancy*. Have a fanciful time planning your lessons!

Berry Ink Making With Glimmer

This activity is courtesy of <https://www.survivopedia.com/this-it-the-easy-way-to-make-ink-at-home/>

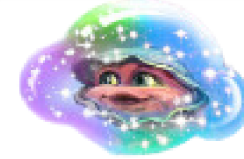

Materials:

1/2 cup fresh or thawed berries
1/2 tsp vinegar
1/2 tsp table salt
fine-meshed strainer
bowl
spoon
small glass container (baby food jar)
glitter (optional)

Directions:

Place the fine-meshed strainer over the bowl. Place the berries in the strainer and squish them. Push the juice through the strainer and into the bowl. Add the vinegar and salt. Stir until the salt dissolves. Sprinkle in glitter if you want. Pour the juice into the small glass container.

Color Mixing With Ruby

Directions:

Copy Color Mixing With Ruby Template and distribute to students

Materials:

Color Mixing With Ruby Template (included)

Paint smocks

Paint brushes

Red, yellow, blue paint

Bowls/plates for mixing the colors

Lesson Procedure:

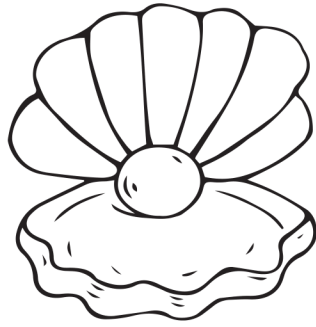

Before mixing the colors, invite children to guess which colors red and blue, red and yellow, and blue and yellow will make when mixed together.

Fill one bowl with red paint, another with yellow paint, and another with blue paint. Add the second color to each bowl and mix until a new color emerges.

Children can mix the colors in the bowls then put a splotch of the colors on their coloring mixing template.

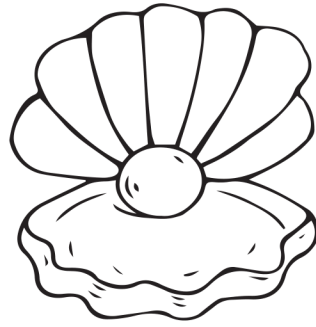

For example, a splotch of red + a splotch of yellow = a splotch of orange

Fancy's Color Shape Bingo

Directions:

Cut out the color/shape cards provided and laminate for durability (optional). You may also want to laminate the Bingo cards.

Materials:

16 Bingo Cards (included)

Color/Shape Cards (included)

Bingo chips, buttons, or small erasers to cover colors/shapes on Bingo cards when called (not included)

Introduce the activities during circle time or small group.

How to play:

Before playing decide the format for Bingo you want to use: entire card, one horizontal, one vertical, or one diagonal row. Duplicate Bingo cards for groups of 17 or more.

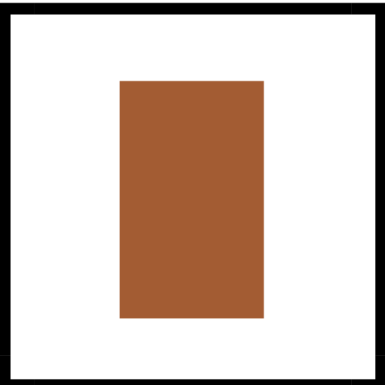

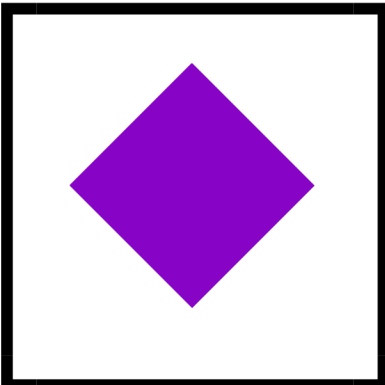

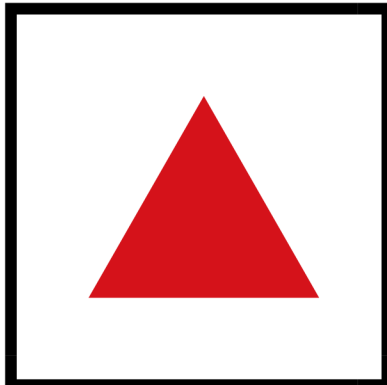

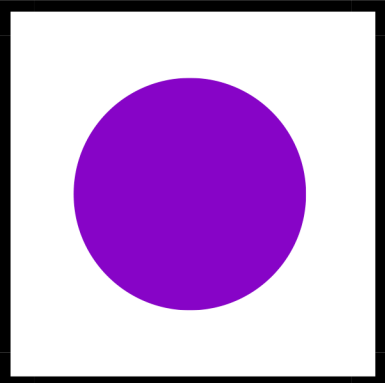

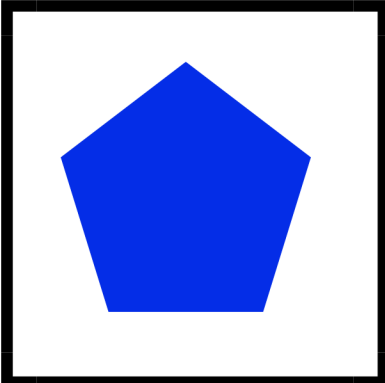

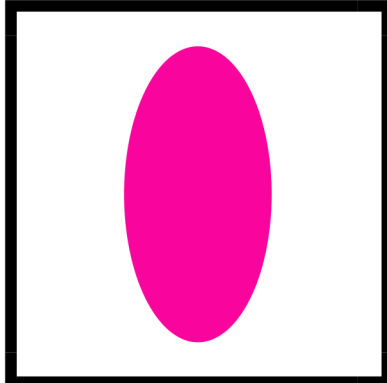

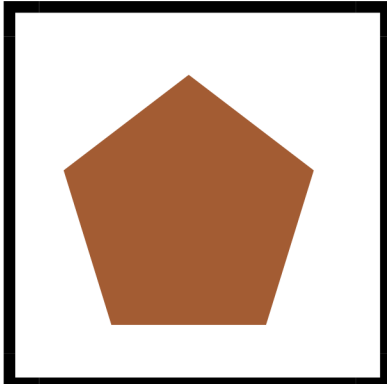

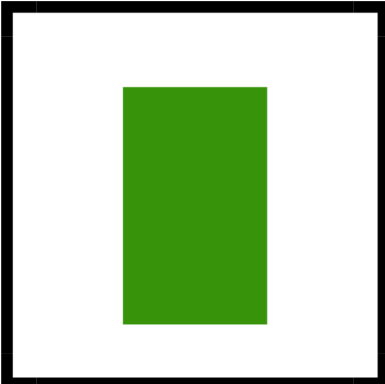

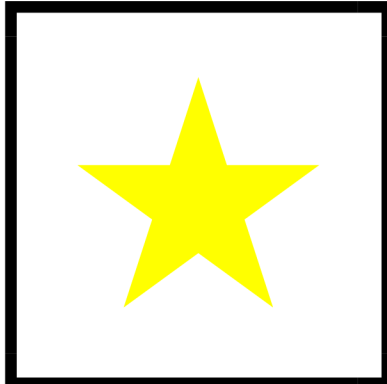

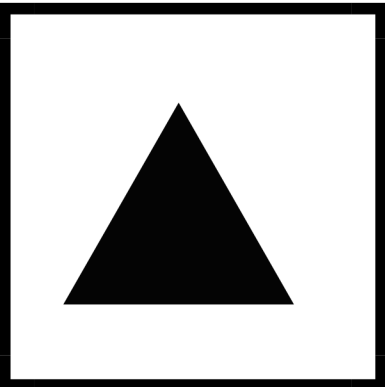

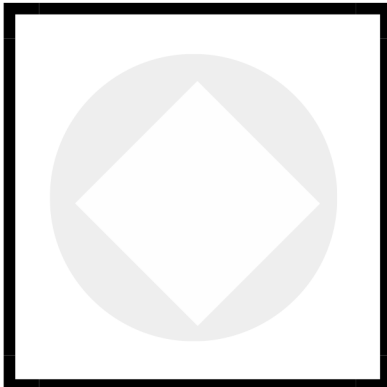

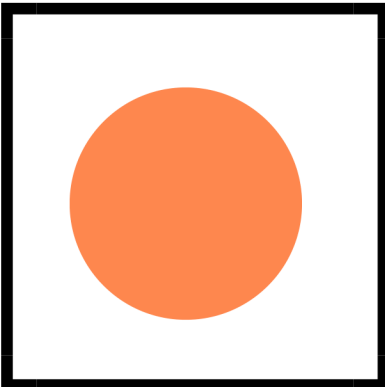

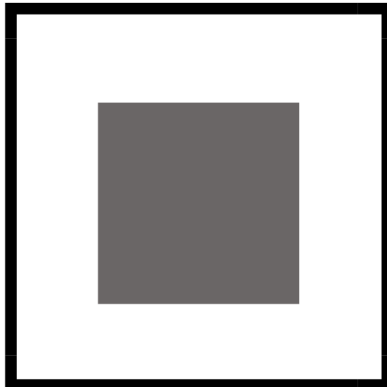

Distribute the Bingo cards and Bingo chips to students.

Shuffle the color/shape cards

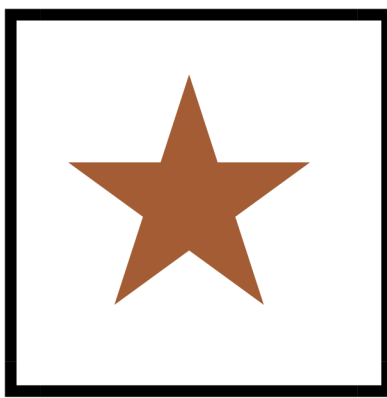

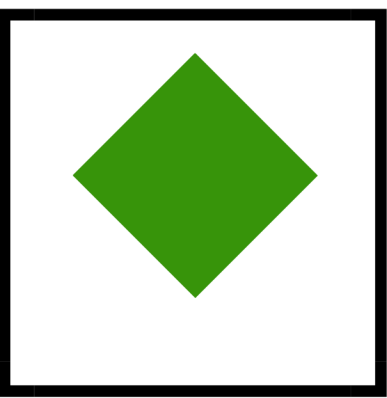

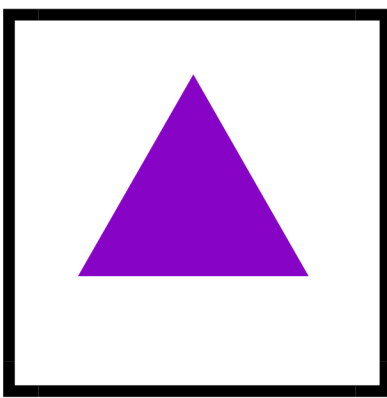

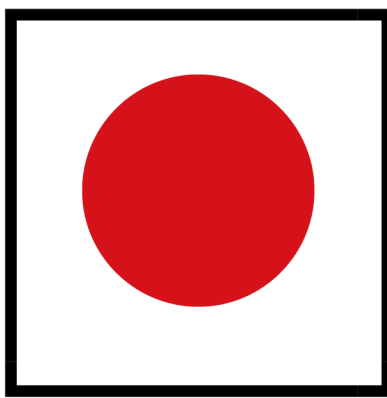

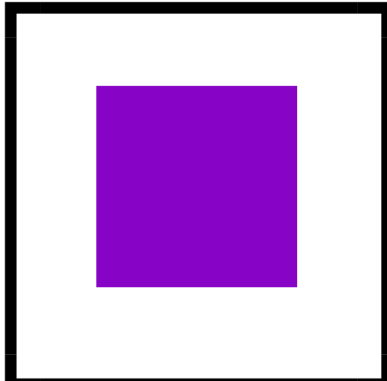

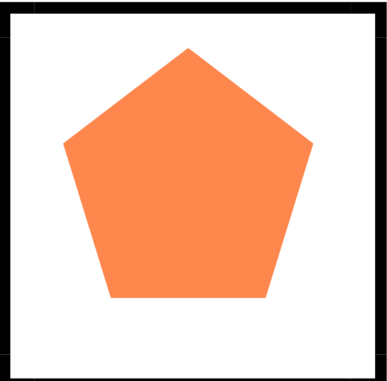

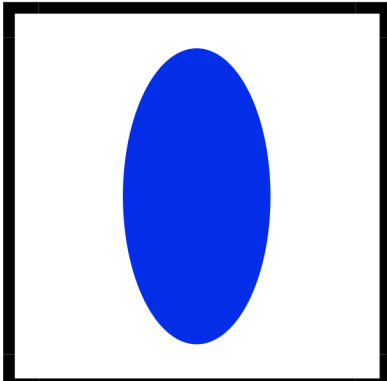

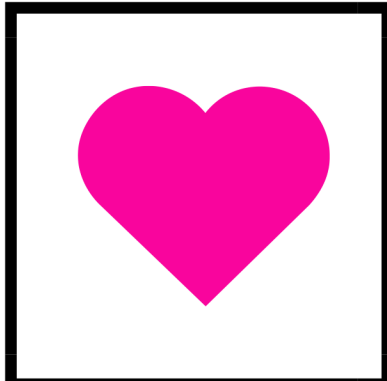

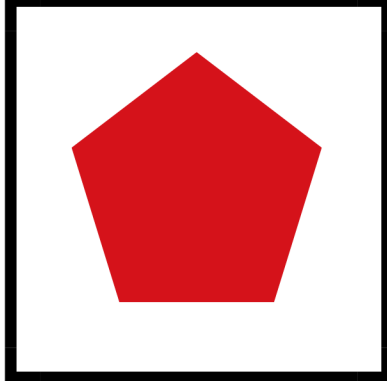

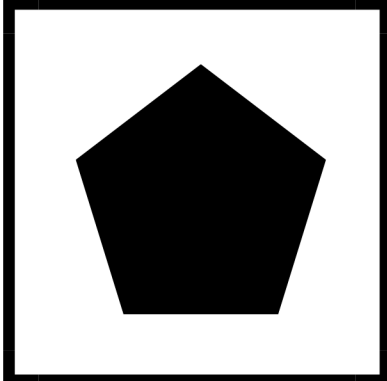

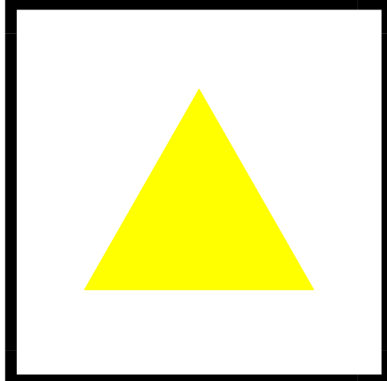

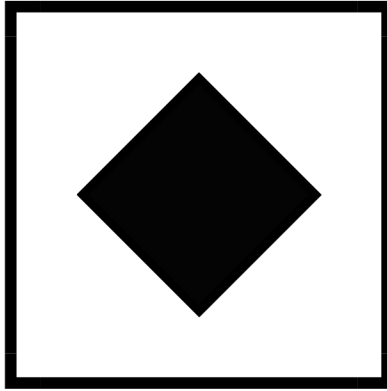

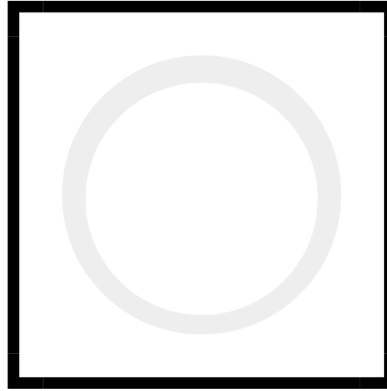

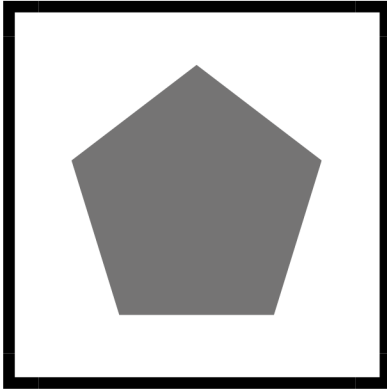

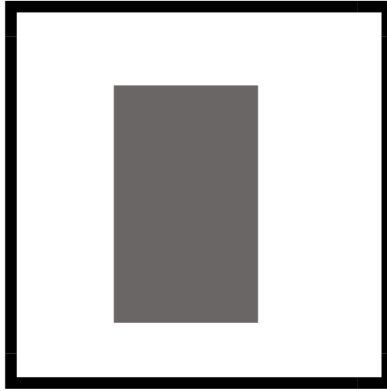

Call out the color/shape on each card and tell students to cover the matching color/shape on their Bingo cards.

When someone gets Bingo they shout, "Bingo!"
